Moove Lubricants

Our Main Production Facilities

Moove has two main production facilities – one in South America and our main European production facility based in the UK.

Introduction

For more than half a century, the Comma brand has been synonymous with quality-tested lubricants, coolants, brake & hydraulic fluids and maintenance chemicals for every vehicle servicing application. Formulated to the highest global and vehicle manufacturers' specifications, Comma brand products have extensive OEM approvals, conform to British Standard BS EN ISO 9001:2010 and are supported by industry-leading online application data.

The Comma brand promise that 'Confidence comes from within' is invested with real meaning by a unique 100% compatibility Guarantee of product quality that applies to every Comma-recommended application.

In the fast changing independent after-market, Comma's service extends far beyond being simply a provider of world class products at the right time, at the right price. We are just as proud of our innovative marketing programmes, distributor and technician training and support facilities, constant product development and total commitment to safety. Above all, Comma is dedicated to sustaining the prosperity, profitability and competitive advantage of its trading partners in the distribution and vehicle servicing channels.

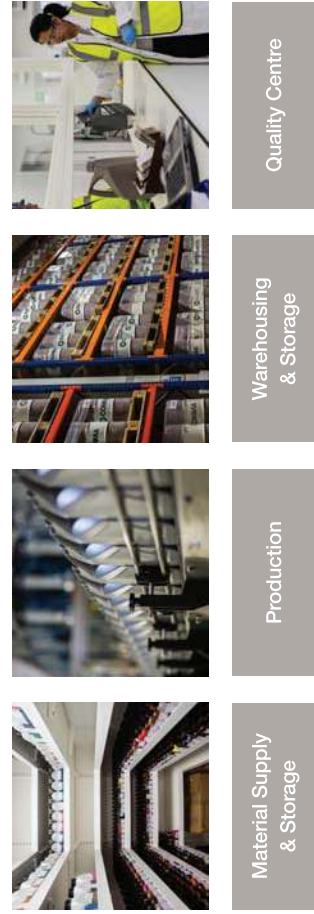

Index

Gear & Transmission Oil 21	Automotive Cleaning & Valeting 35

Specialty Lubricants

Heavy Duty Hydraulic Oil..... 25
2 & 4 Stroke Oil..... 26
Additives..... 27
Classic Oil 28

The safest way to select the right product for a vehicle is to use Comma's application tool at CommaOil.com. Here you will find product recommendations with our 100% compatibility guarantee for engine oil and antifreeze & coolant for European vehicles going back over 30 years. It also covers brake fluid, transmission and power steering fluid recommendations.

Our world-class production capabilities practiced in our UK plant:

Performance Motor Oil

Comma engine oils have been the choice of professional workshop technicians and motorists for over 50 years. Our new look Performance Motor Oils range provides complete protection for engines.

Quality is at the heart of everything we do. Our products are blended to the highest operating standards and are subject to rigorous quality control processes. All lubricants are produced in accordance with the European Engine Lubricants Quality Management System (EELQMS), which is managed by ATIEL (Technical Association of the European Lubricants Industry) and covered by a strict auditing programme, and that's why when we say Confidence comes from within, we can prove it.

ECO-T 0W-16

Fully Synthetic

Provides excellent fuel economy and engine durability. Specifically developed to minimise low speed pre-ignition (LSPi).

Recommended by Comma for applications requiring:

ILSAC GF-6B, API SP RC

Size	Qty	Code
5L	4	ECOT5L

Eco FO 0W-20

Fully Synthetic

For the latest Ford, Opel/Vauxhall and Mercedes Benz vehicles that require high levels of fuel economy and LSPi protection. Meets the latest Ford WSS-M2C952-A1 specification.

Recommended by Comma for applications requiring:

ACEA C5, ACEA C6, API SN Plus, API SP Dexos D1, Ford WSS-M2C952-A1; MB 226.71, 0V0401547; STLLR.03.5006

Size	Qty	Code
1L	12	ECOF01L
5L	4	ECOF05L
20L	-	ECOF020L

Eco-LLP 0W-20

Fully Synthetic

Designed to deliver excellent fuel economy performance according to VW 508 00/509 00 specification whilst maintaining exceptional wear protection.

Recommended by Comma for applications requiring:

VW 508 00/509 00, Porsche C20, ACEA C5

Size	Qty	Code
1L	12	ECOLLP1L
5L	4	ECOLLP5L
20L	-	ECOLLP20L
199L	-	ECOLLP199L

Eco-M 0W-20

Fully Synthetic

Maximises engine performance and protection. Compatible with latest engine technology including vehicles fitted with exhaust after-treatment units that require an ACEA C5 grade.

Recommended by Comma for applications requiring:

MB 226.71; ACEA C5

Official Approvals:
Verified by Jaguar Land Rover to meet the requirements of STLLR.51.5122

Size	Qty	Code
1L	12	ECOM1L
5L	4	ECOM5L
20L	-	ECOM20L

Eco-V 0W-20

Fully Synthetic

High performance engine oil specifically developed for the latest technology Volvo engines from 2013 onwards. Designed for high fuel efficiency. Suitable for petrol and diesel vehicles.

Recommended by Comma for applications requiring:

ACEA C5; API SN

Official Approvals:
Officially approved by Volvo to meet VCC RB50-2AE

Size	Qty	Code
1L	12	ECOV1L
5L	4	ECOV5L
20L	-	ECOV20L

Eco-Z 0W-20

Fully Synthetic

Provides excellent low speed pre-ignition (LSPi) protection and protects after-treatment systems including petrol particulate filters. Helps to deliver high fuel economy as per latest OEM requirements.

Recommended by Comma for applications requiring:

MB 229.71; Chrysler MS-12145; FIAT 9.56595-GSX; Ford WSS-M2C947-B1, Ford WSS-M2C962-A1; BMW LL17FE+, BMW LL14FE+, 0V0401547; STLLR.03.5006; ILSAC GF-5, ILSAC GF-6A; ACEA C5; CE; API SP, SP RC

Official Approvals:
MB-Approval 229.72

Size	Qty	Code
1L	12	ECOZ1L
5L	4	ECOZ5L
20L	-	ECOZ20L

Pro-NRG 0W-20

Fully Synthetic

High performance 0W-20 oil for modern petrol vehicles and most petrol-electric hybrids.

Recommended by Comma for applications requiring:

API SN; ILSAC GF-5; dexos 12015; Chrysler MS 6395; GM6094M & GM4716M

Size	Qty	Code
1L	12	NRG1L
4L	4	NRG4L
5L	4	NRG5L
20L	-	NRG20L
60L	-	NRG60L
199L	-	NRG199L

Eco-FE Plus 0W-30

Fully Synthetic

Fully synthetic, mid-SAPS engine oil specifically developed for latest technology Ford engines from 2015 onwards, new Land Rover and Jaguar models from 2015 and 2016 onwards.

Recommended by Comma for applications requiring:

Ford WSS-M2C950-A; ACEA C2

Official Approvals:
Verified by Jaguar Land Rover to meet the requirement of STLLR.03.5004

Size	Qty	Code
1L	12	ECOFEP1L
5L	4	ECOFEP5L
20L	-	ECOFEP20L
60L	-	ECOFEP60L
199L	-	ECOFEP199L

Eco-P 0W-30

Fully Synthetic

Fully synthetic, high performance fuel-economy promoting engine oil, developed specifically for modern petrol and diesel PSA engines. Suitable for certain Peugeot and Citroen cars fitted with BlueHD and PureTech engines.

Recommended by Comma for applications requiring:

PSA B71 2012; ACEA C2

Size	Qty	Code
1L	12	ECOP1L
5L	4	ECOP5L
20L	-	ECOP20L
60L	-	ECOP60L
199L	-	ECOP199L

Eco-VG 0W-30

Fully Synthetic

Offering a more tailored version of Profile 5W-30, Eco VG provides improved protection for CKTs and DPFs and exceeds fuel efficiency requirements by 25% when compared to a 5W-30 engine oil meeting VW 504 00/507 00.

Recommended by Comma for applications requiring:

VW 504 00, VW 507 00; Porsche C30; ACEA C3

Size	Qty	Code
1L	12	ECOVG1L
5L	4	ECOVG5L

Voltech 0W-30

Fully Synthetic

High performance 0W-30 oil for modern Volvo petrol and diesel vehicles. Offers improved fuel economy benefits of an ACEA A5/B5 oil.

Recommended by Comma for applications requiring:

ACEA A5/B5; API SL

Official Approvals:
Approved by Volvo under 95200377 standard

Size	Qty	Code
1L	12	VTC1L
5L	4	VTC5L
20L	-	VTC20L
60L	-	VTC60L
199L	-	VTC199L

ECO-MB 0W-40**Fully Synthetic**

Fully synthetic, high performance 0W-40 engine oil, for petrol and diesel vehicles including those with fuel injected and multivalve engines.

Recommended by Comma for applications requiring: ACEA A3/B4; API SN; Mercedes Benz; MB 226.5; Porsche A40; Ford M2C937-A; Renault RN 0700/710

Official Approvals:
Approved under VW standard 502 00 and VW standard 505 00

Size	Qty	Code
5L	4	ECOMBE1

**ECO-R 5W-30****Fully Synthetic**

Fully synthetic, high performance 5W-30 engine oil. Suitable for modern petrol and diesel vehicles.

Recommended by Comma for applications requiring: ACEA C3; Renault RN-17

Size	Qty	Code
1L	12	ECOR1L
5L	4	ECOR5L

**Prolife 5W-30****Fully Synthetic**

Fully synthetic, high performance 5W-30 mid SAPS oil, for modern VW-Audi group petrol and diesel vehicles including those operating under long life service regimes. Also protects exhaust after-treatment units.

Recommended by Comma for applications requiring: MB 229.51; BMW LL-04; PORSCHE C30; ACEA C3; API SN

Official Approvals:
Approved under VW standard 504 00 and VW standard 507 00

Size	Qty	Code
1L	12	PRO1L
4L	4	PRO4L

Motorsport 5W-50

Motorsport 5W-50

High performance 5W-50 oil, for motorsport and track day use. Track tested to give high performance under extreme race conditions.

Recommended by Comma for applications requiring: Suitable for replacing SAE 5W-40, 10W-40 & 15W-40 oils in Motorsport applications

Size	Qty	Code
1L	12	MS1L
6L	4	MS6L

Pro-S 10W-60

Pro-S 10W-60

Fully synthetic engine oil. Specially developed for high performance vehicles. Recommended for certain Ferrari, Aston Martin and Maserati models.

Recommended by Comma for applications requiring: ACEA A3/B4

Size	Qty	Code
6L	4	PRO6L

X-Flow Motor Oil

Comma's compact range of brilliantly engineered fully synthetic, semi synthetic and mineral oils for most contemporary passenger car, light commercial and mixed fleet applications.

X-Flow workshop oils are specially blended and keenly priced for hard-headed value, yet they're still loaded with appropriate ACEA and API Classifications and a host of manufacturers' OE specifications.

Type E 0W-20

Fully Synthetic

Fully synthetic, high performance 0W-20 oil for medium petrol vehicles.

Recommended by Comma for applications requiring:
API SN, ILSAC GF-5;

Size	Qty	Code
1L	12	XFEL1L
5L	4	XFESL

Type PS 0W-30

Fully Synthetic

Fully synthetic, high performance fuel-economy promoting engine oil, developed specifically for modern petrol and diesel PSA engines.

Recommended by Comma for applications requiring:
ACEA C2; PSA B71 2312

Size	Qty	Code
1L	12	XFPS1L
5L	4	XFPSL
20L	-	XFPS20L

Type VO 0W-20

Fully Synthetic

Fully synthetic, high performance engine oil specifically developed for the latest technology Volvo engines from 2013 onwards.

Recommended by Comma for applications requiring:
ACEA C2; API SN, VCC RBS0-2AE

Size	Qty	Code
1L	12	XFO1L
5L	4	XFO5L

Type VOL 0W-30

Fully Synthetic

Fully synthetic, high performance engine oil for modern petrol and diesel vehicles. Offers improved fuel economy benefits of an ACEA A5/B5 oil.

Recommended by Comma for applications requiring:
ACEA A5/B5; API SL

Size	Qty	Code
1L	12	XVOL1L
5L	4	XVOL5L

Type FE 0W-30

Fully Synthetic

Fully synthetic, mid-SAPS 0W-30 oil for Ford petrol and diesel engines from 2014 onwards. Designed for high fuel efficiency.

Recommended by Comma for applications requiring:
ACEA C2; FORD WSS-M2C950-A;

Size	Qty	Code
1L	12	XFEL1L
5L	4	XFESL
20L	-	XFEE20L
199L	-	XFEE199L

Type C 5W-30

Fully Synthetic

Suitable for vehicles requiring 5W-30 low SAPS fully synthetic ACEA C2, C3 Longlife engine oil.

Recommended by Comma for applications requiring:
ACEA C3, C3; API SN/CF

Size	Qty	Code
5L	4	XFCSL
20L	-	XFCD20L
60L	-	XFCD60L
100L	-	XFCD100L

Type LL 5W-30

Fully Synthetic

For GM/Opel/Vaux/Oral and diesel vehicles including those operating under long life service regimes. Low viscosity to give fast oil flow on start up.

Recommended by Comma for applications requiring:
GM-LL-025; VW 502 00, VW 505 00; MB 229.3 ACEA A3/B4; API SL/CF

Size	Qty	Code
1L	12	XFLL1L
4L	4	XFLL4L
5L	4	XFLL5L
20L	-	XFLL20L

Type F 5W-30

Semi Synthetic

Suitable for petrol and diesel vehicles including those with fuel-injected, multivalved and turbocharged engines.

Recommended by Comma for applications requiring:
ACEA A5/B5; API SL/CF

Size	Qty	Code
1L	12	XFFL1L
4L	4	XFFL4L
5L	4	XFFL5L
20L	-	XFFL20L
60L	-	XFFL60L
100L	-	XFFL100L

Type F Plus 5W-30

Fully Synthetic

For Ford petrol and diesel engines including Zetec and pre 2009 Duratec and Duratec engines.

Recommended by Comma for applications requiring:
FORD WSS-M2C913-D, WSS-M2C913-C, WSS-M2C913-B, WSS-M2C913-A; ACEA A5/B5; API SL/CF

Size	Qty	Code
1L	12	XFFP1L
4L	4	XFFP4L
5L	4	XFFP5L
20L	-	XFFP20L
199L	-	XFFP199L

Type P 5W-30

Fully Synthetic

For modern petrol and diesel vehicles including those fitted with exhaust after-treatment units that require an ACEA C2 grade.

Recommended by Comma for applications requiring:
ACEA C2; PSA B71 2290

Size	Qty	Code
1L	12	XFP1L
5L	4	XFP5L
20L	-	XFP20L

Type R 5W-30

Fully Synthetic

Fully synthetic, high performance 5W-30 low SAPS oil for modern petrol and diesel vehicles including those fitted with exhaust after-treatment units that require an ACEA C4 grade.

Recommended by Comma for applications requiring:
ACEA C4; RN0720; MB 228.51

Size	Qty	Code
1L	12	XFR1L
5L	4	XFR5L
20L	-	XFR20L

Type V 5W-30

Fully Synthetic

For VW/Audi group petrol and diesel vehicles including those operating under long life service regimes.

Recommended by Comma for applications requiring:
VW 504 00, VW 507 00; ACEA C3

Size	Qty	Code
1L	12	XFV1L
4L	4	XFV4L
5L	4	XFV5L
20L	-	XFV20L
199L	-	XFV199L

Type X 5W-30**Fully Synthetic**

Fully synthetic, high performance engine oil for modern petrol engines.

Recommended by Comma for applications requiring:
API SN; ILSAC GF-5; Dexos 12015

Size	Qty	Code
1L	12	XF51L
5L	4	XF55L

**Type XS 10W-40****Fully Synthetic**

Suitable for petrol and diesel vehicles including those with fuel-injected, multivalved and turbocharged engines.

Recommended by Comma for applications requiring:
ACEA A3/B3; API SL/CF

Size	Qty	Code
1L	12	XF51L
4L	4	XF54L
5L	4	XF55L
20L	-	XF520L
60L	-	XF560L
199L	-	XF5199L

**Type Z 5W-30****Fully Synthetic**

For modern petrol and diesel vehicles including those fitted with exhaust after-treatment units that require an ACEA C3 grade.

Recommended by Comma for applications requiring:
MB 229.31; BMW LL-04; dexos 2;
VW 505 00; ACEA C3; API SL/CF

Size	Qty	Code
1L	12	XFZ1L
4L	4	XFZ4L
5L	4	XFZ5L
20L	-	XFZ20L
199L	-	XFZ199L

**Type G 5W-40****Fully Synthetic**

Suitable for petrol and diesel vehicles including those with fuel-injected, multivalved and turbocharged engines.

Recommended by Comma for applications requiring:
MB 229.1; VW 502 00; VW 505 00;
RN0700; RN0710; ACEA A3/B4; API SL/CF

Size	Qty	Code
1L	12	XF51L
4L	4	XF54L
5L	4	XF55L
20L	-	XF520L
60L	-	XF560L
199L	-	XF5199L

**Type PD 5W-40****Fully Synthetic**

For vehicles fitted with the VW 'Pumpse Diagnose PD or unit injector engine. Low viscosity to give fast oil flow on start up.

Recommended by Comma for applications requiring:
VW 505 01; FORD WSS-M2C917-A;
ACEA C3; API SL/CF

Size	Qty	Code
1L	12	XF5D1L
4L	4	XF5D4L
5L	4	XF5D5L
20L	-	XF5D20L
199L	-	XF5D199L

**Type MOT 20W-50****Mineral**

Mineral oil, offers basic engine protection in older high mileage vehicles. Suitable for petrol and diesel cars. Recommended by Comma for applications requiring SAE 20W-50

Size	Qty	Code
1L	12	XF5M1L
4L	4	XF5M4L
199L	-	XF5M199L

**Type SP 20W-50****Mineral**

A traditional multigrade motor oil, suitable for older higher mileage petrol and non-turbocharged diesel engines. Minimise contact with engine oil. Wash skin thoroughly after contact. Dispose of used oil at designated sites.

Recommended by Comma for applications requiring:
ACEA A3/B3; API SL/CF

Size	Qty	Code
4L	4	XF5P4L

**Flush Out****Mineral**

Traditional flushing oil for both petrol and diesel engines. Improve engine performance by removing sludge and carbon deposits. Minimise contact with engine oil. Wash skin thoroughly after contact. Dispose of used oil at designated sites.

Size	Qty	Code
5L	4	XF5O5L

TransFlow® Engine Oil

In the contemporary CV environment, operators need all the help they can get in meeting a variety of increasingly strict rules and regulations. Comma's range of TransFlow® engine oils helps you to do just this, not only meeting and exceeding the emissions regulations, engine specifications, and carrying OEM recommendations, but also protecting expensive exhaust after treatment components and increasing both fuel economy and oil drain intervals.

Available in fully synthetic, semi synthetic, and advanced mineral grades, with low SAPS capabilities as well as quantities from 5L right the way through to 205L, we can guarantee that whatever your CV need, there's a TransFlow® product that you can rely on to meet it.

LAFE 5W-30 Fully Synthetic

Fully Synthetic Engine Oil designed for most Euro V and Euro VI trucks fitted with advanced after-treatment systems that need Low Emission Diesel Lubricants (LEDL).

Service Classification:		
ACEA E6/E7/E8; API CH-4		
Recommended by Comma for applications requiring:		
Cummins CES 20076/20078; Deutz DDC III/10 LA; MAN M647; MTU Type 3.1; Renault Trucks RLD-2/RXD/RGD; Volvo VDS-3; Meets FPT/VECO requirements for Euro VI engines.		
Official Approvals: TransFlow LAFE 5W-30 is officially approved by: MB-Approval 228.51		
Size	Qty	Code
20L	-	TLF50202L
205L	-	TLF50205L

LAFE 10W-30 Semi Synthetic

A Low SAPS engine oil designed specifically for current and future heavy and light duty commercial vehicles meeting EURO V and EURO VI emissions standards.

Service Classification:		
ACEA E6/E7/E8; API CH-4/SLN		
Recommended by Comma for applications requiring:		
Volvo VDS-4; Caterpillar ECF-3; Cummins CES 20081; DDC 94K218; Deutz DDC 04/10 LA; JASO DH-2; Mack EO-O PP; MAN M6877; MB 228.51; MTU Type 3.1; Renault Trucks RLD-3		
Size	Qty	Code
20L	-	TLF103020L
205L	-	TLF1030205L

ML 10W-30 Semi Synthetic

Suitable for most agricultural and construction equipment requiring a multipurpose STOU type product.

Service Classification:		
Ford M2C158B; Ford M2C159C; FNH R2002001 (10W-30); FNH R2002020 (15W-30); MF M1145; MF M1144; JD J27; Ford M2C98C; Ford M2C134(A,C,D); HN420A; MF M1135; MF1143; CAT TO-2; API GL-4; Allison C-4; FNH A2-C-201.00; ACEA E3; API CG-4; CF-4; CF; CE/ SF; CD/SF; CD/SE; Sperry Vickers / Eaton M2950S; Sperry Vickers / Eaton I-280-S; Sauer Sunstrand / Danfoss Hydrastatic Trans Fluid; MF M1139; JD J20C; CNH Mat 3525; M1127A; HN420A; NH410B; ZF TE-ML 05K; 07D; 06B; 06C; 07B

AD 10W-40 Semi Synthetic

Suitable for high performance diesel engines including turbo charged and naturally aspirated.

Service Classification:		
ACEA A3/B4/E7; API CH-4		
Recommended by Comma for applications requiring:		
MAN 3276; Cummins CES 20077/78; MTU Type 2; Mack EO-M+		
Official Approvals: TransFlow AD 10W-40 is officially approved by: MB-Approval 228.3; Volvo VDS-3; Renault RLD-2; MACK EO-N		
Size	Qty	Code
5L	4	TFAD5L
20L	-	TFAD20L
205L	-	TFAD205L

Compatibility Guaranteed

Whatever your engine, Comma's high-quality TransFlow® lubricants are designed for use in a wide range of circumstances, whether it be in an innovative latest generation Euro-6 engine, or an older, high mileage engine. Reinforced by Comma's unique Compatibility Guarantee, our TransFlow® products offer everything you need and more in a high-quality engine oil.

LA 10W-40 Semi Synthetic

A Low SAPS engine oil designed specifically for current and future heavy and light duty commercial vehicles meeting EURO V and EURO VI emissions standards.

Service Classification:		
ACEA E6/E7/E8; API CH-4/CI-4/CK-4/SLN		
Recommended by Comma for applications requiring:		
Volvo VDS-4; Caterpillar ECF-3; Cummins CES 20081; DDC 94K218; Deutz DDC 04/10 LA; JASO DH-2; Mack EO-O PP; MAN M6477; MB 228.51; MTU Type 3.1; Renault Trucks RLD-3

OEM Approvals

Many of the products in our TransFlow® product range carry OEM Approvals.

OEM Approvals are a vehicle manufacturer's approval of the use of an independent oil blender's product in their vehicles, based on testing and a comprehensive approval process.

Please refer to each product for specific details or see the TransFlow® product pages at CommaOil.com for more information.

Xstream® Antifreeze & Coolant

Comma Xstream® Antifreeze and Coolants contain BASF Glysantin® - the Original Equipment fill to most European vehicle manufacturers.

Xstream® products cover three very distinct antifreeze/coolant technologies – silicate based, OAT (Organic Additive Technology) and Si-OAT (Silicated OAT), to meet the requirements of vehicle manufacturers. It's important to fit the correct one, as mixing antifreeze can impair cooling system performance and may damage engine components.

The Xstream® range covers the largest number of applications and carries the most vehicle manufacturer approvals in the aftermarket.

Xstream® G05

Concentrate

Heavy Duty Ethylene Glycol based antifreeze for use in vans & trucks. Typical service life of up to 6,000 hours.

Official Approvals:
Glysantin® G05 by BASF is approved by: Chrysler (MS-9769); Cummins (Ford North America) (MS-9785) (A1); JCB (S10 00088); John Deere (JDH H 24); MTU (MTL 5048) Lamborghini Tractors, SAME, Deutz-Fahr.

Service Classification: This Engine Coolant Concentrate conforms to the requirements of: BS 6580:2010

Size	Qty	Code
5L	4	XH10L
20L	-	XH102L

Xstream® G30

Ready Mixed

Ready to use Ethylene Glycol based antifreeze & coolant with OAT inhibitors. Typical service life of up to 5 years.

Official Approvals:
Glysantin® G30 by BASF is approved by: Audi/Bentley/Bugatti/Lamborghini/Saatchi/Skoda/VW (TL74-D/F), DAF (MAT7402); Deutz (DOCC CB-14); Jaguar vehicles built from 1999; MAN (MAN 324 Typ SNF); Mercedes Benz (MB-Approval 326.5); Mini Cooper D from 2007-2010; MTU (MTL 5048); Porsche vehicles built between 1998 and 2009; Siemens (wind power).

Service Classification: Based on Coolant Concentrate that conforms to the requirements of: BS 6580:2010

Size	Qty	Code

5L	4	XSM5L
20L	-	XSM20L

Xstream® G40

Concentrate

Ethylene Glycol based antifreeze with Si-OAT inhibitors. Typical service life of up to 5 years. Protects against corrosion, overheating and freezing.

Official Approvals:
Glysantin® G40 by BASF is approved by: Audi/Bentley/Bugatti/Lamborghini/Saatchi/Skoda/VW/Porsche vehicles built as of 2005 (TL74-S); Cummins (CES 14603); Deutz (DOCC CC-14); MAN vehicles built from 12/2011 (MAN 324 Si-OAT); Mercedes Cars (MB-Approval 325.5); Mercedes Trucks (MB-Approval 325.5); Sata (MB-Approval 325.5); Liebherr Minimum (LH-01-COL3A).

Service Classification: This Engine Coolant Concentrate conforms to the requirements of: BS 6580:2010.

Xstream® G40

Ready Mixed

Ready to use Ethylene Glycol based antifreeze with Si-OAT inhibitors. Typical service life of up to 5 years.

Official Approvals:
Glysantin® G40 by BASF is approved by: Audi/Bentley/Bugatti/Lamborghini/Saatchi/Skoda/VW/Porsche vehicles built as of 2005 (TL74-S); Cummins (CES 14603); Deutz (DOCC CC-14); Mercedes Cars (MB-Approval 325.5); Mercedes Trucks (MB-Approval 326.5); Sata (MB-Approval 325.5); Liebherr Minimum (LH-01-COL3A).

Service Classification: Based on Coolant Concentrate that conforms to the requirements of: BS 6580:2010

Size	Qty	Code
5L	4	XSG405L

Xstream® G48

Concentrate

Ethylene Glycol based antifreeze and coolant with silicate inhibitors. Protects against corrosion, overheating and freezing. Typical service life of up to 3 years.

Official Approvals:
Glysantin® G48 by BASF is approved by: Audi/Saatchi/Skoda/VW (TL74-C), BMW & MINI (BMW LC-87), Deutz (DOCC CA-14), Jenbacher (TA 1000-0200), Liebherr (Min. LH-00), COL3A), MAN Energy Solutions (Lute 3.3.7), MAN Truck & Bus (MAN 324 Typ NP), Mercedes-Benz Cars, Trucks & Buses (MB-Approval 325.0), Mercedes-Benz Trucks (MB-Approval 325.0), Deutz-Fahr, Saab (690-1999), Smart (MB-Approval 325.0), Volvo Trucks (TR 1296983), Van Hool, Zastava.

Brake & Hydraulic Fluid

It's a fact that 1 out of every 4 cars need a brake fluid test or replacement, and most vehicle manufacturers themselves recommend that your vehicle's brake fluid should be changed no later than every 2 years, irrespective of mileage. With an appropriate fluid for all vehicles and braking systems, Comma's comprehensive range meets strict international classifications.

DOT 4 ESP Synthetic Brake Fluid

DOT 4 ESP synthetic Brakes & Clutch Fluid. Specially formulated for use in cars with ABS. For improved braking and faster anti-lock reaction at low temperatures. Can be mixed safely with DOT 4 fluids.

Recommended by Comma for applications requiring: FMVSS 116 DOT 4, SAE J1704; ISO 4825 (Class 3, 4 & 6), SAE J1703; SAE J1704

Size	Qty	Code
1L	12	BF4ESP1L

DOT 4 Synthetic Brake Fluid

The current standard brake fluid for most manufacturers. Ideal for all ABS systems. Can be safely mixed with DOT 4 and DOT 3 fluids.

Recommended by Comma for applications requiring: FMVSS 116 DOT 3, FMVSS 116 DOT 4, ISO 4825 (Classes 3 & 4), SAE J1703, SAE J1704

Size	Qty	Code
500ML	12	BF4500M
1L	12	BF41L
5L	4	BF45L
20L	-	BF420L

EXT Fluid Synthetic Brake Fluid

A special synthetic based hydraulic fluid suitable for central hydraulic systems, power steering and suspension level control systems. Also suitable for certain stability and traction control systems, hydraulically driven fans, generators and air conditioning units; control of convertible car top covers and central locking systems.

Recommended by Comma for applications requiring: GM 89021185 / GM 89021186, GM 1052884 / GM932394, GM 19329450 / GM 19329451, GM1940707, GM 890220661; Hyundai / Kia PSF-3, PSF-4; Chrysler MS 9831; Fiat 9.5559-AG1, AG2, AG3 ISO VG 22, AV4; Texaco Cold Climate Power Steering Fluid; Saab P7N 45 30 09 800; Dia-Queen PSF; Penmoan CHF 7.1; Toyota Type EH; Nissan PSF-II; PSA S71 Z710

Size	Qty	Code
1L	12	EXT1L

DOT 5.1

Synthetic Brake Fluid

Highest quality brake fluid - formulated for today's high performance vehicles.

Minimum wet boiling point of 180°C - ideal for all ABS systems.

Non-Silicone based can be mixed safely with DOT 3 & DOT 4 Fluids.

Recommended by Comma for applications requiring: FMVSS 116 DOT 5.1; ISO 4925 (Class 3, 4 & 5.1)

Size	Qty	Code
1L	12	BF51L
5L	-	BF55L

PSF

Power Steering Fluid

Power Steering Fluid and Conditioner that helps to preserve seals and stops leaks. Suitable for most power steering systems. Compatible with all types of ATF fluids.

Size	Qty	Code
1L	12	PSF1L

Gear & Transmission Oil

They may be out of sight, but the vital role of gear oils is keeping vehicle transmission systems operating smoothly, efficiently and at the correct temperature. Comma offers a complete line-up of top quality lubricants and fluids that conform to all relevant Service Specifications for most types of manual or automatic transmission, synchro or constant mesh gearbox or differential. They are also available in the most convenient sizes.

MVMTF Plus 75W-80

Fully Synthetic

Recommended by Comma for certain BMW, Vauxhall/ Opel, Mini, Land Rover, Honda, Volvo and MG applications and generally where a 75W/80, API GL-4 oil is specified.

Performance profile:

BMW MTF LT-2, Ford M2C 168-A, GM 1940768; Mercedes Benz MG 235.10; MTF 94, Nissan M-PZ2 TL (JH Type), Nissan M-PZ2; Special Formula MTF; Special Formula MTF-4; Special Formula MTF-4i; Transil TRX; MFP, TPR, TRZ, Volvo 97308, API GL-4

Size	Qty	Code

5L	4	MVP75805L
20L	-	MVP758020L

MVCHF

Central Hydraulic Fluid

A special synthetic-based hydraulic fluid for power steering, central hydraulic and suspension level control systems.

CHF1S and CHF202 are trademarks of a limited liability lubricants supplier in Germany.

Recommended by Comma for applications requiring: CHF1S* and CHF202* CHF1S* and CHF202* VAG G 002 000 A2 / TL 52 146 00; VAG G 004 000 M2 / M7 / M8; BMW/Mini 54 54 0 344 386; Chrysler / Dodge / Jeep / MS-11685; Citroen 9879-941; Ford WSSM2C200-A; GM/Opel 203 33 / 000 043 268 565; MB 229.5; PSF (BMW), Volvo 11 61 529 / 30721 624; CHF1S and CHF202 are trademarks of a limited liability lubricants supplier in Germany.

Size	Qty	Code
1L	12	CHF1L

LHM Plus

Mineral

Advanced mineral based fluid with anti-wear additives and viscosity index improver. Meets ISO 7308 and Citroen/Peugeot PSA B71 2710. Compatible with other LHM and LHM Plus fluids meeting Citroen/Peugeot PSA B71 2710.

Recommended by Comma for hydraulic systems for certain Citroen/Peugeot (PSA B71 2710), Rolls-Royce & Bentley models.

Size	Qty	Code
1L	12	LHM1L
5L	4	LHM5L

MVMTF Plus 75W

Fully Synthetic

Fully synthetic manual transmission fluid with excellent bearing and gear protection and proven synchroniser performance. Multi-economy benefits due to low viscosity formulation. Exceptional cold temperature performance properties.

Performance profile:

BMW MTF LT-3; Ford WSS-M2C200-D2; GM 19259104 (BOT 303); VW G 052 176; VW G 060 726; VW G 052 171; VW G 062 72; VW G 052 512; VW G 070 726 A2; VW G 052 527 A2; Special transmission oil, BOT 350 M3; Fiat 915550-M26; PSA 9730 A8. Service Classification: Recommended by Comma for certain BMW, Ford, Land Rover & VAG group applications and generally where a 75W, API GL-4 oil is specified.

1L	12	FE75W1L
5L	4	FE75W5L
20L	-	FE75W20L

MVMTF Plus 75W-90

Fully Synthetic

Fully synthetic manual transmission fluid with excellent bearing and gear protection and proven synchroniser performance. Good low temperature performance. Excellent cleanliness. Robust corrosion protection.

Performance profile:

BMW MTF LT-4; Ford WSD-M2C200-C; Ford WSD-M2C200-B; GM 1940768; GM 1940162; GM 1940764; Volvo 97308; Volkswagen G 50; API GL-4 (75W-85); API GL-4 synthetic (75W-85 & 75W-90). Service Classification: Recommended by Comma for certain Ford, Vauxhall, Mazda, Volvo, & VAG Group applications and generally where a 75W/90, API GL-4 oil is specified.

Size	Qty	Code
1L	12	MVMTFP1L
5L	4	MVMTFP5L
20L	-	MVMTFP20L

Profit Warning - Are you testing brake fluid?

The brakes on 1 in 4 vehicles could fail without notice.*

- Brake manufacturers specify a yearly or 2-yearly change of Brake Fluid
- Give your customer a Brake fluid test as part of their service

* Test carried out by independent service garages in the UK.

ASW

Semi-Synthetic

Recommended by Comma for certain Aisin-Warner automatic transmissions in Ford, Saab, Toyota, Volkswagen & Volvo vehicles.

Performance profile:

JWS 3309, VW G 055 025, Volvo T161540, Toyota Type T-IV, Ford WSS-M2C92A-C

Size	Qty	Code
1L	12	ASW1L

AQDCT Plus

Fully Synthetic

High performance DCT fluid for use in the widest range of vehicle makes fitted with DSG or DCT wet transmissions.

Performance profile:

BMW Drivecycle 7-speed (Getrag) DCT-1; BMW 6-Speed DCT; BMW MTF LF-5; Borg Warner: Bugatti Veyron; Castrol BOT 341; BOT 450; Transmax Dual; Chrysler 6904345 EA & GA; Powershift 6-speed Getrag; DCT-1; Ferrari 7-speed (Getrag)/TE DCT-3; Ford/Nissan Powershift 6-speed (GFT) / Ford WSS-M2C936A; Part # 1490783/1490781; WSS-M2C200-D2 / XT-11-QDC; Mitsubishi TC-SST 6-speed (GFT) / MZ320065 Dia Queen SST-1; Pentosin FFL 2; Pentosin FFL 3; Pentosin FFL 4; Peugeot/Citroen DCS 6-speed (GFT)/9734-S2; Renault EDC 6-speed (Getrag); Shell TF DCT-F3; Volvo Powershift 6-speed (GFT) / 1161830/1161838; VW (Audi, Seat, Skoda) 6-speed; VW/Audi TL 5252 (spec) / G 052 529 A2 or A6 (fluid); ZF/Porsche Oil 9959.917.060.00; MB 236.21; VW G 055 529

Recommended by Comma for certain DSG and DCT Volkswagen, Audi, BMW, Seat, Skoda, Ford, Renault, Peugeot, Mitsubishi, Chrysler, Porsche, Jaguar and Volvo transmissions.

Heavy Duty Hydraulic Oil

Comma's Hydraulic Oils withstand the toughest off-road, civil engineering plant, construction equipment and materials handling challenges.

Suitable for all hydraulic systems from tipper to fluid couplings as well as some torque converters, tail lifts and garage/workshop lifts. Also ideal for hydraulic and bottle jacks.

HLP 32

Hydraulic Oil

Premium grade hydraulic oil suitable for use in hydraulic equipment operating under severe conditions requiring an HLP grade product. Ideal for tipping gear, fluid couplings, some torque converters, tail and garage lifts. Also suitable for jacks. Enhanced low-temperature properties for all seasons use.

Recommended by Comma for applications requiring ISO VG 32

Two & Four Stroke Oil

There are many variants of motor scooters, mopeds and motorcycles on the road, all requiring engine specific oils. Our range of Two Wheel 2 and 4 stroke oils are ever popular, meeting international classifications. We have oils with low ash formulations, low smoke properties and high performance qualities to suit your needs.

4 Stroke 10W-40

Semi Synthetic

Semi synthetic formulation for use in high performing air and water cooled 4 Stroke motor bike and other high revving engines.

Recommended by Comma for applications requiring

SAE 10W-40 API SG, JASO MA2

Size	Qty	Code
1L	12	FSTFS1L

4 Stroke 5W-40

Fully Synthetic

Fully synthetic formula for use in high performing air and water cooled 4 Stroke motor bike engines and other high revving engines.

Recommended by Comma for applications requiring

SAE 5W-40 API SN JASO MA2

Size	Qty	Code
1L	12	FSTFS1L

2 Stroke Sport

Semi Synthetic

Semi synthetic smoke reducing formula for use in 2 stroke scooters, motor bikes, mopeds and other engines requiring an oil which readily mixes with fuel.

Recommended by Comma for applications requiring

JASO FC/FD, ISO-L-EGB, API TC

Size	Qty	Code
1L	12	TSTFS1L

2 Stroke Racing

Fully Synthetic

Fully synthetic high protection, low smoke formula for use in motor bikes, scooters, mopeds and other engines requiring an oil which readily mixes with fuel.

Recommended by Comma for applications requiring

JASO FC/FD, ISO-L-EGC/EGD, API TC, TSI, Rotax 253

Size	Qty	Code
1L	12	TSTFS1L

Additives

Whatever your vehicle's age or mileage, Comma's range of advanced petrol or diesel fuel additives work while you drive to rejuvenate your fuel system and keep it working at peak efficiency.

Comma's premium quality Engine Flush will help remove accumulated pollutants and sustain the protective properties of our oil right up to its scheduled oil change.

Petrol D-TOX

- Maximises engine power.
- Optimises BHP.
- Improves acceleration.
- Reduces risk of non-starting.
- Increases overall performance.

Size	Qty	Code
400ml	6	DTOX400M

Diesel D-TOX

Harmful deposits gradually build up and clog up fuel injectors, seriously affecting the engine's performance. Diesel D-TOX is a highly concentrated heavy duty cleaner formulated to rapidly remove these deposits whilst acting as a powerful cleaner throughout the whole system.

Size	Qty	Code
400ml	6	DTOX400M

Petrol Magic

- Concentrated petrol additive rapidly removes harmful deposits.
- Restores lost power and acceleration.
- Increases fuel economy.
- Reduces engine emissions.
- Helps to eliminate stalling & hesitation.

Size	Qty	Code
400ml	6	PEM400M

Engine Flush

Synthetically fortified oil additive, designed to quickly clean the inside of an engine before an oil change. Leaves engine clean and ready for new oil to circulate freely. Helps free sticking valves and piston rings.

Size	Qty	Code
400ml	6	EF400M

Diesel Magic

- Concentrated diesel additive rapidly removes harmful deposits.
- Restores lost power and acceleration.
- Helps increase fuel economy.
- Reduces engine emissions.
- Improves cold start performance.
- Helps reduce 'Diesel knock' noise.
- Contains cetane improver to boost performance.

Size	Qty	Code
400ml	6	DM400M

Classic Oil

In 1965 Comma Oil was born and quickly became the major supplier to the Independent Vehicle Workshops and the DIY motorists of the time. The motor oils that Comma produced then have been updated to meet the demands of the newer technology engines, leaving the Classic cars of the 60s, 70s and 80s without the motor oil for which they were designed. The Comma Classic Range re-introduces not only the original 20w50 Motor Oil for the period but also includes the SAE30 and SAE40 monogrades formulated as they were in the past.

Motor Oil 20W-50

Multigrade

Conventional, multigrade engine oil. Protects and preserves old engines. High viscosity helps to reduce oil loss & leakage. Ensures economical oil consumption. Multigrade Oil for use in Summer and Winter. Oil adapts to outside temperature.

Oil change every 2000 to 3000 miles.

Service Classification:

SAE 20W-50
API SE CC

Size	Qty	Code
5L	4	CLA2050GL

Motor Oil 30

Monograde

Traditional, non-detergent motor oil for 4-stroke petrol engines. Specially designed for the needs of Classic & Vintage cars. Substitutes oil pressure at high operating temperatures. May be used in many manually operated gearboxes of that period.

Monograde Oil for Winter.

Classic 30 (ideal for cold weather conditions (autumn, winter) – lower viscosity means thinner oil – can easily flow in a cold engine.

Oil change every 600 miles.

Service Classification:

SAE 30
API SA

Size	Qty	Code
5L	4	CLA30GL

Motor Oil 40

Monograde

Traditional, non-detergent motor oil for 4-stroke petrol engines. Specially designed for the needs of Classic & Vintage cars. Higher viscosity prevents oil from leaking. Minimises engine noise. Monograde Oil for Summer.

Ensures high temperature performance and best starting conditions in summer – thicker oil can maintain oil film at high temperature.

Oil change every 600 miles.

Service Classification:

SAE 40
API SA

Size	Qty	Code
5L	4	CLA40GL

High Performance Bearing Grease

A high quality, heavy-duty lithium complex grease of NLGI No.2 (medium) consistency for use on all wheel bearings.

Excellent anti-wear and extreme pressure properties. Delivers longer bearing life by providing the necessary protection over a very wide temperature range.

Size	Qty	Code
500G	12	BG2500G
12.5KG	-	BG212.5

CV Lith-Moly Grease

A lithium based grease of NLGI No.2 (medium) consistency, containing molybdenum disulphide. Ideally suited for use in constant velocity or homokinetic joints.

Size	Qty	Code
500G	12	CV500G

Grease

We are the number one supplier to professional garage technicians, who use these essential tools of the trade all the time. DIY enthusiasts will also find them equally useful when it comes to carrying out routine maintenance, replacement or repair work.

We've packaged many of them in aerosol dispensers for ease of use and economy. Like all Comma products they are engineered to produce faster first class results, whilst keeping all moving parts working smoothly and efficiently.

Multipurpose Grease

NLGI 2

Suitable for chassis, wheel bearings, hubs, universal joints and electric motor bearings.

Good temperature tolerance - stable in hot conditions but still flows when cold.

Size	Qty	Code
400G	6	GR2400
500G	12	GR2500G
3KG	6	GR23KG
12.5KG	-	GR212.5
50KG	-	GR250KG

Turntable Grease

Grease fortified with graphite for improved lubrication of fifth wheel coupling on articulated vehicles.
Highly water resistant, very adhesive for extended service.
Withstands high levels of shock loading.

Size	Case Qty	Code
12.5KG	-	GRT12.5

White Grease

Multi-purpose water and heat resistant grease.
A premium quality calcium based multi purpose grease, reinforced with PTFE.
Water repellent, reduces friction, reduces component wear, prevents seizing.

Size	Case Qty	Code
500ml	12	WGR500M

Spray Grease

A colourless, multipurpose grease with strong adhesion and anti fling properties.
Sprays water thin to run into all moving parts, quickly bodies up and becomes tenuous, contains PTFE for extra lubricity. Helps reduce friction and dissipates heat.

Size	Case Qty	Code
500ml	12	SG500M

COMMA®

Maintenance

It's not just your vehicle's engine and cooling system that Comma keeps in good condition. There are dozens of other essential working components that need regular or periodic attention to ensure their correct operation and prolong their life.

That's where Comma's extensive range of professional quality maintenance lubricants and chemicals play their part. You'll keep your vehicle in tip-top order and enjoy smoother and quieter operation of all its components with these convenient, made-for-the-job aerosols.

Brake Clean

Spray/Tin

Cleans and degreases brake drums, discs, linings, pads, cylinders and clutch assemblies.
A fast drying solvent based degreaser.
Designed to remove dust, grease and oils from brake components without the need for dismantling.
Cleans, degreases and evaporates rapidly.

Size	Case Qty	Code
500ML	12	BC500M
5L	4	BC5L

Accessories

Grease Gun

For accurate dispensing of 400ml cartridges

Item	Code
GREASE GUN	GREASEG

Grease Dispenser

For use with 12.5 Kg kegs

Item	Code
GREASE DISPENSER	EOG492

Air Con Cleaner

A one-shot aerosol treatment designed to eliminate bacteria, fungi, moulds and viruses from automobile air conditioning units.
Suitable for all types of cars, vans and trucks.

Deodorises upholstery and carpets so especially useful in taxis, minibuses and other public service vehicles.

Complete treatment takes only 10 – 15 minutes.

Size	Case Qty	Code
1500ML	9	AIRC

Hyper Clean

Spray/Tin

A powerful, heavy duty emulsifiable solvent degreaser.

Dissolves conventional automotive oils and greases and emulsifies on contact with water.

Suitable for use on engines, chassis and oily/greasy components.

Also available in 5L and 25L tins.

Size	Case Qty	Code
500ML	12	HYP500M
5L	4	HYP5L
25L	-	HYP25L

Carb Clean

A powerful blended solvent specifically designed for removing spent fuel deposits. Easily dissolves oils, greases, gums and carbon deposits from fuel delivery areas.

Size	Case Qty	Code
500ML	12	CAC500M

Copper Ease

Spray/Tub

Protects metal parts against, seizure, corrosion, heat, rust, acid and water. Forms a dense protective coating over metal parts - will not wash or burn off. Extreme temperature tolerance (-40°C to +1150°C).

Also available in 500g tub.

Size	Case Qty	Code
500ML	12	CE500M
500G	6	CE500G

Release Oil

A fast acting penetrant with graphite.

Aggressive solvents penetrate deep into seized components while oils and graphite lubricate and prevent re-sticking.

Helps to free corroded nuts, bolts and seized mechanical parts.

Size	Case Qty	Code
500ML	12	RO500

Contact Clean

High quality contact cleaner with high dissolving properties.

Cleans electrical components and switches and restores electrical current.

Removes dirt and oxidation without leaving a residue.

Size	Case Qty	Code
500ML	12	CCL500M

Silicone Spray

A pure silicone lubricant used where improved slip is required.

Very high surface slip, colourless, odourless, high temp. lubrication properties, and can be used on plastics and metals.

Helps to prevent surfaces from sticking, squeaking and wearing.

Size	Case Qty	Code
500ML	12	SS500M

Anti-Rust & Paint

Underbody panels, door skins and paintwork need protecting just as much as mechanical parts. Comma's top class anti-rust and paint products provide a long lasting, effective professional coating on all surfaces.

Wax Seal

A wax coating to protect inner panels from corrosion.

Water repellent with excellent coating properties. Helps stop rust and prevent further corrosion.

Size	Case Qty	Code
500ML	12	WS500M

Underbody Seal

Easy to use spray-on rubberised formulation which helps to prevent rust, resist salt, insulate against noise and prolong the life of treated parts.

Size	Case Qty	Code
500ML	12	USA500M

Hand Care

An essential hand cleaner that quickly removes oil, grease & other ingrained dirt from hands. This eco-friendly formula contains perlite, a product made from a volcanic rock, which contains 2-6% water in its inner structure. A great combination of exfoliation and biocompatible properties.

Tough on dirt, kind on you!

Manista

Natural Hand Cleanser

Quickly removes oil, grease and other ground-in soils from hands. Based on natural extracts and ingredients. Contains Perlite particles for deep cleaning. Lanolin helps to prevent chapped and dry hands.

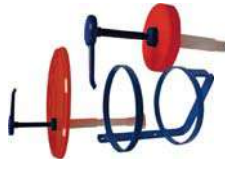

Size	Case Qty	Code
3L	6	MAN3L
10L	2	MAN10L
20L	-	MAN20L

Manista

ACCESSORIES

- 3 litre pump
- 10 litre pump
- 3 litre wall bracket

Item	Code
MANISTA 3L DISPENSER	MAN3LP
MANISTA 10L DISPENSER	MAN10LP
MANISTA 3L WALL BRACKET	MAN3LB

Brake Clean Applicator

Robust, pump and trigger activated spray gun. For controlled and accurate cleaning fluid application.

Size	Case Qty	Code
-	-	EBECA

Dispensing Bars & Tools

Comma's products are some of the best in the market. To help show them off and maximise their visual appeal at the point of sale, we have a range of merchandising solutions. These display units are designed for both retail and trade distributors. To order these bars, please contact a member of Customer Services.

20L /25L Dispensing Bar

This unit is specifically designed with the workshop in mind.

This practical bar for storing 20L and 25L packs has 4 angled "feet" to improve stability and staggered dispensing trays, so you can easily and effectively service multiple makes of cars in your garage.

Item	Code	Description
20/25L Dispensing Bar	2025LTRBAR	3 Tier Dispensing Stand H: 158cm W:31cm D:61cm

Car Seat Covers & Floor Mats

Comma branded seat covers to protect car seats from oil & dirt. 100 per roll.
Comma branded floor mats to protect car interior mats from dirt & oil. Packets of 100.

Item	Code
CAR SEAT COVERS FLOORMATS	CSC1 FLOORMA

Oil & Antifreeze Barrel

Provides easy oil dispensing from barrels

Item	Code
OIL BARREL PUMP - BLACK PLASTIC	OILPUMPBK

Gear Oil Pump and Trolley

Pump for easy dispensing from Comma's 25L gear oil containers.
Trolley for mobile and flexible dispensing.

Item	Code
PUMP & TROLLEY	EOGOPT
GEAR OIL PUMP	GOPUMP

Barrel/Tank Rotary Pump

For easy dispensing from barrels.

Item	Code
ROTARY PUMP	EPBR

Carrier Bags

Comma branded plastic bags featuring the Confidence comes from within strapline and website address.

Packets of 100.

Item	Code
CARRIER BAGS	TOBAG

Barrel/Drum Taps

Used in combination with Comma's barrel pump, the barrel tap provides an easy-to-use dispensing solution for workshops.
Drum tap suitable for Comma's 20 & 25 litre containers.

Item	Code
BARREL TAP	EQBTAP
20/25L DRUM TAP	EODTAP

Automotive Cleaning & Valeting

Comma supplies high performance cleaning products for all types of cars, vans, and commercial vehicles, carefully formulated to deliver the best results quickly and efficiently.

Multi-purpose TFR Concentrate

Multi-purpose traffic film remover.

A fast and effective cleaning solution for mixed fleets, vans, buses and HGVs.

Suitable for hot or cold power wash, gantry and spray arches.

Dilution rate: up to 1:8 in water.

Size	Case Qty	Code
20L	-	TFR20L

Hyper Clean

Powerful solvent degreaser - cleans engines, components, chassis

Size	Case Qty	Code
5L	4	HYP5L
25L	-	HYP25L
